| Summary

I'm a curious person who's always eager to learn new things. Once I know enough about something I also like to share my knowledge and patiently help people. Knowing I helped someone out makes my day.

Besides pursuing my degree in Engineering Physics, I like to learn and do things I can apply more directly. My internships at Waylay helped immensely with that, as did being member of the UGent Racing team.

| Experience

| | |
|---------------------------------------|-----------------|
| UGent Racing Aerodynamics engineer | 09/2024-present |
|---------------------------------------|-----------------|

| | |
|--|-----------------|
| Bijleshuis Mathematics and physics tutoring | 09/2024-present |
|--|-----------------|

| | |
|---|--|
| Software Engineering Internship Waylay | 09/08/2023-13/09/2023 01/08/2022-16/09/2022 |
|---|--|

| Education

| | |
|--|-----------------|
| Bachelor of Science: Engineering - Applied Physics Ghent University | 09/2022-06/2025 |
|--|-----------------|
